

## Biography – Paul Martinez

I have been a parent governor since October 2020.

I have lived in Hingham for six years. I am married with two daughters, one in Year 1 (Owls) and one at Hingham Playgroup.

I work in the IT Department at the University of East Anglia in Norwich. I have worked at UEA for twelve years and currently work in the Corporate Information Systems department, which manages the main University IT Systems such as Human Resources, Payroll and Student Records.

I believe that all schoolchildren should receive the best education available through a broad and balanced curriculum.
