

Kingfisher Class Newsletter

Friday 20th September 2024

This week in Kingfisher Class...

English: We sequenced the main events in Handa's Surprise and then retold the story orally by adding detail of our own. We then wrote about Handa's journey back to her village by using key features of the original text.

Maths: We partitioned numbers to 100 in different ways and practised writing numbers to 100 in numerals and words.

Geography: We looked at the weather across all four nations in the United Kingdom this week. We also looked at seasonal changes in weather over the year in the UK.

Science: We walked around the school grounds to see if we could spot any pigeons, but we didn't have any luck! Whilst we were out, we also looked for things that are living, dead and never been alive. Back in class, we sorted and classified pictures using these same criteria.

PSHRE: We have continued to focus on working collaboratively and practised using social interaction patterns.

Forest School: Photos of our learning can be found at

<https://www.hinghamprimary.org.uk/forest-school/> .

Notices and messages:

1. Please could all children bring their reading book into school every day. This includes bookmarks for AR readers as they need the information on them to log in to quiz.
 2. Children have started to quiz independently on AR books they have read. Many children have surprised themselves by achieving 100%, sometimes on their first quiz. Well done everyone and keep and keep up the good work!
 3. Please encourage your child to practise their number skills for 5-10 minutes every night on NumBots.
 4. Kingfisher Class trip to Time and Tide Museum – 26.09.24
- Please remember to give permission on School Money for your child to attend the trip if you have not done so already. We are all very excited to be going!
